

A vibrant, stylized illustration of four children riding a large, white skateboard with yellow stars and green wheels. They are positioned on a large, bright green planet. The background is a deep blue space filled with white stars and colorful nebulae. A small, blue, insect-like alien with large wings is flying in the lower right corner. The overall style is whimsical and imaginative.

WELCOME

Dear readers,

Welcome to the 2023 Hachette Children's Group catalogue. Thank you for taking the time to look through our programme. Among these pages you will find publishing for every child.

Our picture books range from funny and empowering, to life-affirming and heartfelt titles from established talent duos such as Rachel Bright and Jim Field, and Giles Andreae and Guy Parker-Rees, plus new partnerships between Sam Copeland and Pippa Curnick, and Hollie Hughes and Nila Aye.

We have irresistible new stories from bestsellers including Alice Oseman, Jacqueline Wilson, Onjali Q. Raúf, Cressida Cowell, Kiran Millwood Hargrave and David Almond, as well as outstanding debuts. Among our first novels are a gripping mystery from Nadine Aisha Jassat, a uniquely personal immersive fantasy from Thomas Leeds, a joyful happy-ever-after queer romance from Daniel Tawse, a brutally honest, witty and taboo-breaking novel from Xena Knox and a comic book-style adventure from Maria Motúnráyø Adébísí.

In non-fiction we have inspirational guides from groundbreaking footballer Beth Mead; award-winning geneticist, writer and broadcaster Adam Rutherford; economist, broadcaster and bestselling author Tim Harford; playwright and performer Alan Bissett; and GP and TV star Dr Zoe Williams.

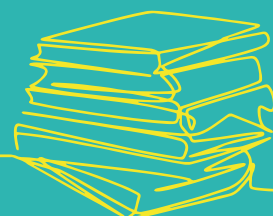

We hope children and young people everywhere will discover something here to delight, reassure, entertain and educate them – perhaps all four!

Thank you for supporting us.

A vibrant illustration of four children riding a large, white skateboard with yellow stars and green wheels. They are floating in space above a large, glowing green planet. The background is a deep blue space filled with white stars and nebulae. A small, blue, insect-like robot with large wings is flying in the bottom right corner.
