# OI YOU! MAKE AN ORIGAMI FROG

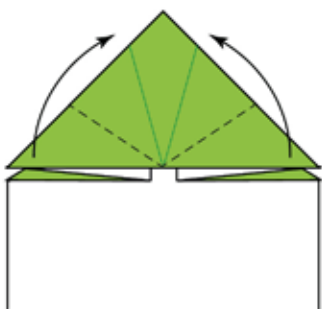

Start white side up. Fold and unfold diagonally, so the top edge is in line with the side edge.

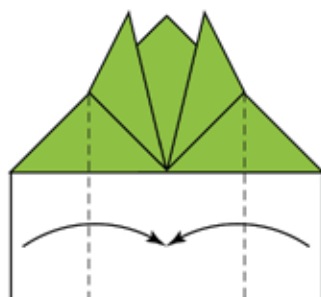

Turn over, then fold and unfold in the centre of the X.

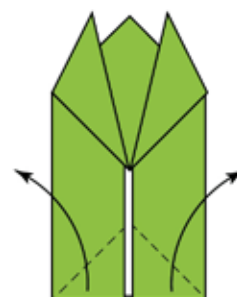

Turn over, then fold the top corners down, pushing the midpoints inwards to form a triangle.

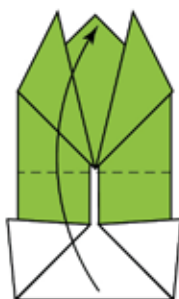

Fold up the top two corners of the triangular shape so that they point out a little.

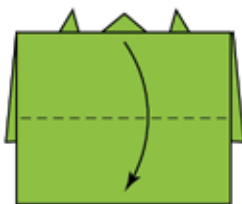

Fold the sides in so that they meet in the centre.

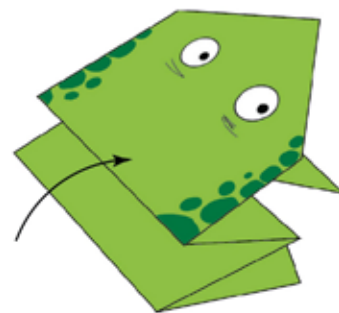

Fold out the bottom corners to form the rear legs.

Fold in half, bringing the bottom edge up to the top.

Fold the top layer in half, bringing the top edge down to the bottom.

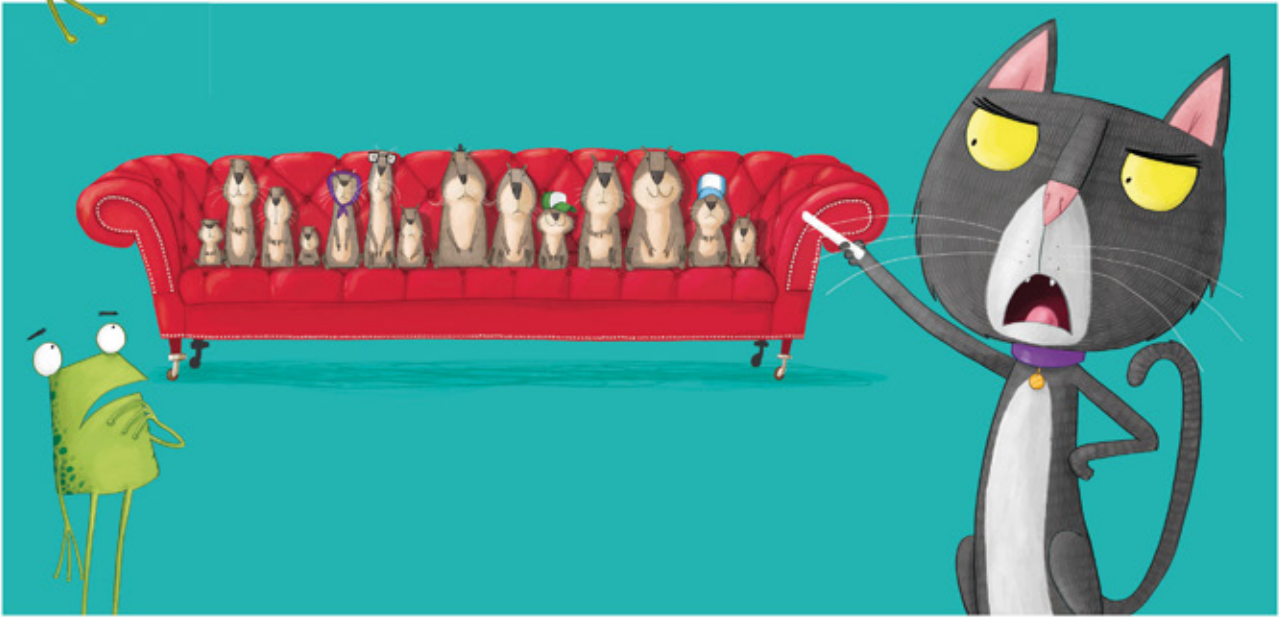

Turn over. Your frog is finished! Add some eyes and decorate him. Then tap him on the back to make him jump!

# OI YOU! OI FROG FLASHCARDS

Print out the flashcards at the end of this pack and use them to play fun games with your Oi Frog fan!

## Game suggestions

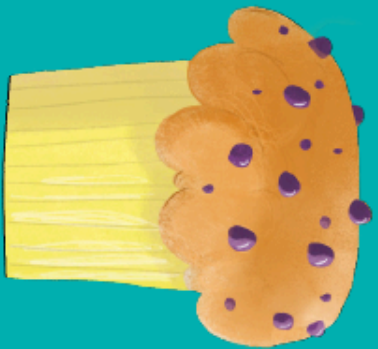

- Play snap together. You may need multiple sets of the cards to play this game, depending on how many of you there are
- Hide the seat cards around your shop, classroom or house and then hand the animal cards to the children joining in. They then need to find all the pairs. You could time each child and take it in turns to hunt the pairs out or have one card each
- Play a memory game: turn all the cards over so they are face down. Next take it in turns to turn over a card, when you find a pair those cards are removed from the game and go on each players 'win pile'. Once all the pairs have been found the player with the biggest 'win pile' is the winner
- Give each child one of the cards and ask them to find their matching card. They can only ask each other child one question each
- Ask children to create their own set of cards of animals and seats based on the existing cards and the other books in the series
- Play charades by shuffling all the seats and animals and taking it in turns to act out the character or seat to the others
